Dear Friends of LifeSpring,

The past year has been one of the most challenging I've seen in over 30 years in the field of community mental health. The number of clients in need of LifeSpring services increases every year while financial support for these services continues to decline. Funding for traditional services such as group homes and partial hospitalization programs has all but evaporated. LifeSpring continues to explore creative new ways of serving our clients through supported employment, skills training, sub-acute services, and resiliency activities.

This year LifeSpring also made major changes to our information infrastructure and adopted a new electronic medical records system, billing system, and accounting software. This has been a challenging learning experience for everyone and staff have never worked harder.

The LifeSpring Foundation of Indiana held its third highly successful Circle of Life Celebration fundraiser, exceeding all expectation in these difficult times. We especially appreciate the tremendous community support shown for this event.

LifeSpring also deepened its relationship with a regional consortium of community mental health centers—Trillium. Trillium has expanded to include six member agencies from the original three and is now the largest behavioral healthcare network in the state of Indiana.

As we reposition ourselves to address the economic realities of today LifeSpring looks forward to another successful year as Indiana’s premier behavioral healthcare provider.

Warmest Regards,

Terry L. Stawar, Ed.D.
President/CEO
Dear Friends of LifeSpring Foundation,

2010 was an interesting year for the LifeSpring Foundation. We, along with everyone else, were happy to see the stock market begin its recovery and consumer confidence returning. The Trustees of the Foundation decided to continue to host the Circle of Life Celebration (our major annual fundraiser) to maintain our presence in the area and to provide assurance that we are serious about our future. I am happy to report that for the third year, The Circle of Life Celebration was a success! We appreciate the sponsors, advertisers, and patrons of this event, because each helps us achieve our mission of, “supporting treatment for mental illness and addictions in southern Indiana”.

This year, we are looking for community-minded people who have an interest in our mission and would be willing to serve on our Board of Trustees. Treatment for mental health and addictions is vital to the health of our communities. Without appropriate funding, organizations such as LifeSpring Inc. would not be able to continue providing life-saving treatment in the same capacity.

To learn more about how you can participate in the future of the LifeSpring Foundation contact Steve Shetter at (812) 206-1210 or by email to: sshetter@lifespr.com.

LifeSpring Foundation of Indiana
Awards and Recognition

Better Business Bureau Torch Award

LifeSpring Inc. was awarded the prestigious Better Business Bureau’s Torch award, given to those organizations that exemplify the very best examples of business practices and ethics. Dr. Terry Stawar, LifeSpring President and CEO said “LifeSpring was especially proud to accept this award for business ethics. It is a concrete symbol of the integrity and high standards of all our staff.”

SAMHSA Science & Service Award

LifeSpring’s Assertive Community Treatment Team was awarded the esteemed Science and Service Award. This award recognizes exemplary implementation of evidence-based interventions that have been shown to prevent and/or treat mental illnesses and substance abuse. This annual award program recognizes public and private sector organizations, as well as community-based coalitions, that have worked to improve their communities and the lives of individuals by providing the best services possible. To be eligible for these awards, an organization had to demonstrate successful implementation of a recognized evidence-based intervention, including interventions that have been published in the scientific literature and/or appear on a federal or state registry. Dr. Terry L. Stawar, LifeSpring President and CEO stated “The SAMHSA Science and Service Award was a real boost this year, not only in recognizing the achievements of our terrific staff, but also the center’s commitment to providing quality evidence based practices.”
In November 2009 LifeSpring Inc. became a member of Trillium Inc. Trillium was incorporated through a partnership of three community mental health centers: Southwestern Behavioral Healthcare, Inc., Samaritan Center, and Southern Hills Counseling Center. Trillium was created to coordinate mental health and substance abuse services across Southwestern Indiana and provide training and continued education opportunities to ensure that Trillium members are always current in best practices.

“The addition of LifeSpring to Trillium presents an exciting opportunity for our group of community mental health centers. Access to quality mental health and addiction services are now available not only in Southwestern Indiana, but across Southern Indiana,” said John K. Browning, Chairman of Trillium, Inc.

Marta Myszak, LCSW

Marta Myszak, LCSW, is the Vice President for Area Services at LifeSpring. Marta has been a LifeSpring employee since 1983. Today, she oversees operations in Washington, Scott, Jefferson and Harrison Counties. Marta said of LifeSpring, “I have always felt very lucky to have a job that makes a difference in people’s lives and in their communities. For almost 30 years, LifeSpring has given me the opportunity to do that.” Marta lives in Washington County, and has twin daughters; one who lives in Louisville and the other in Amsterdam. She enjoys quilting and gardening and is an avid Indiana University basketball fan. Dr. Stawar, President/CEO of LifeSpring, said of Marta, “Marta is one of those indispensable people you occasionally encounter, who is both willing and able to take on the toughest jobs, that send other people heading for the doors. She is respected and admired both as a clinician and as a manager and her contributions to LifeSpring and our clients are simply incalculable.”

Paige Shotts

Paige Shotts has been employed at LifeSpring for 1 ½ years as a Case Manager in Adult Services at the Lindley Building, where she worked with clients in the group setting. As a result of changes to Medicaid, group work was replaced with in-home, one-on-one Skills Training and Case Management with clients. Delight Voignier, Clinical Manager at Adult Behavioral Services said Paige had no experience with this type of work, but she jumped in, engaged clients and found a way to meet their needs. Paige worked with one particular client on house cleaning skills. When that client had an upcoming housing inspection, she helped the client break down tasks into manageable steps. In years past, the client took several weeks to clean and several inspections to pass. However, with Paige’s help, she passed the first time! The client reported Paige helped her to focus on the tasks and complete them successfully. “She was there for me and helped me to focus on what I was doing,” the client reported. Paige said of the client, “She did a great job!”
Joey Lyons

Joey Lyons is the Vocational Specialist with the Assertive Community Treatment (ACT) Team and has been with LifeSpring since August 1998. Joey came to the agency as a technician at Centerplace II and joined the ACT Team in 2006. In his role as Vocational Specialist, Joey assists clients with all aspects of finding and maintaining employment, including the identification of skills and training needs, job applications, and on-the-job coaching and support. In addition, he has daily contact with clients during skills training and development visits. The clients enjoy working with Joey, and find him to be patient and supportive. Joey says of his role on the ACT Team, “I like to see people reach goals, improve themselves, be independent...I do see that people improve with the ACT Team.” Nancy Renick, ACT Team Clinical Manager, says of Joey, “He is integral to the team. He brings a wealth of skills, from being able to talk to clients about everything from symptom management to healthy diet and exercise. Joey is always willing to jump in and take on extra assignments and provides outstanding support to me and all of his colleagues. Joey inspires our clients to return to the work force and gives them the tools they need to be successful.”

Sheryl Schneider, MD

Dr. Sheryl Schneider is board certified in child and adolescent psychiatry, and treats children and families in LifeSpring’s Jeffersonville office. Dr. Schneider has been with LifeSpring since 1993, and enjoys working in LifeSpring’s multidisciplinary setting to meet the needs of children and adolescents in this community. One of her priorities is communicating with schools and other agencies to understand the whole child. Dr Schneider has participated in the Prichard Committee for Academic Excellence Community Institute and has served on the Site Based Decision Making Board of Meyzeek Middle School. She is an avid kickball player, being in her 4th season of competition. The guardian of one of Dr. Schneider’s patients said, “Dr. Schneider really helped us to understand the illness. She was patient and took the time to explain it so I could understand, and taught me how to address the illness at home. It is wonderful to not feel helpless.”
*This chart only considers primary diagnosis, and does not reflect multiple diagnoses. As such, many diagnoses, such as Addiction Disorders, are underrepresented.*
